THE FALL OF THE EUROPEAN UNION

By John Levi

Why do people choose tyranny, the way in which man seeks to control other men for his own personal gain? *Webster's 1828 Dictionary* defines tyranny as: "The despotic and cruel rule of a monarch or despot over a people." The answer to the "why" question is simple and can be found in Genesis 3:5 (KJV throughout): *For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil.* This lie is the great deception; that mankind can attain godhood and know what is good and evil as God does.

It should come as no surprise, then, that every form of tyranny and man's injustice towards his fellow man comes from this great deception. That deception will be played out to its fullest when this age draws to a close and the Tribulation begins. Whether it is tyrannical rule by a monarch, dictator, etc., they all stem from Satan's lie that some humans still buy into that they can become gods. What they do not realize is that all they become is his slaves and rather than their having their eyes opened, they are blinded by the angel of light.

Much of the tyranny in the world today is based on man believing that he can establish peace and justice in the world without the Prince of Peace, the Lord Jesus Christ. Hence you see so much hostility to real Christianity from the U.N., the E.U., the U.S., etc., with all of this leading to a world ultimately controlled by the tyrant of all tyrants, the Antichrist.

Matthew 4:8 states, "Again, the devil taketh him up into an exceeding high mountain, and sheweth him all the kingdoms of the world, and the glory of them." Tyrants do not do as the Lord Jesus Christ did in resisting the devil's offer. Instead, they believe Satan and they bow down to him and become his servants. As a result, they become empowered by high level principalities and demonic spirits, and proceed to enslave and murder their fellow man. They are working inevitably toward a one-world government that, rather than being the utopia they were misled to believe, they are ushering in the age of God's wrath.

The European Union - A Tyrannical Beast

Based on the above assertions let us turn our attention to the E.U. There is not sufficient space here to cover its history; however, for the interested go to http://europa.eu/about-eu/eu-history/index_en.htm for a concise history. Mind you, this is the E.U. government's official site. Consequently, it will be very pro-EU. The original idea was not necessarily a bad one. At the end of WWII, several European leaders wanted France and Germany to sit down together and find a way for the nations of Europe to work together for commerce to repair and rebuild their war-ravaged economies without triggering more divisions and thus more costly wars.

As Nigel Farage, member of the European Parliament and former leader of the United Kingdom Independence Party has said repeatedly in the E.U. Parliament, the original idea was a good one, but has become a political experiment whose aim is to destroy the sovereignty of the member nations. Remember the point from above pertaining to the "great deception." Noble ideas, such as the one that lead to the E.U. founding, will be used by Satan for his

purposes, absent leaders seeking God's Spirit for authority and direction. Needless to say, there is no seeking of God's divine direction when it comes to that lot. Rather than being content with simple trade agreements, the leaders of the European Union have created a United States of Europe.

He is spot on. Looking at the website listed above, one will see that the founding members of the E.U. are called "the Founding Fathers." Such terms are, in fact, a smokescreen for the top bureaucrats that control the E.U., such as the President. This person is elected by secret ballot by the E.U. Commission, a group that is not elected by the E.U. Parliament or the peoples of Europe. Although members of the E.U. Parliament are voted in by the peoples of member nations they can simply be overridden by the unelected E.U. Commission. So the E.U. government is hardly what one could call a democracy. In actuality it bears a closer resemblance to a Soviet style politburo. I suggest you search for "The Best of Nigel Farage" on YouTube and see some good videos of Nigel Farage taking on these unelected officials over the years.

A prime example of E.U. tyranny is when in 2005 the peoples of France and Holland voted in separate national referendums to reject the new E.U. Constitution that was put before them. The bureaucrats of the E.U. did not care about the will of the people. They simply pushed it in through another way called the Lisbon Treaty. Then the Republic of Ireland held a referendum on whether to ratify the Lisbon Treaty. They voted "no." No matter, E.U. co-conspirators in the Irish government just put forth another referendum after the first one was rejected by the Irish People and kept doing this until they got a "yes" result. Many reading this article will no doubt have by now heard of calls for a second Brexit vote in the U.K. It is the same old forces from the E.U. government trying to use co-conspirators and traitors to overthrow a genuine election result they don't want.

The Beginning of the Break-up of the E.U.

I believe that the Brexit vote is the "frontline" in the great battle to stem the onslaught by demonic forces in high places to push this planet toward a one world government and usher in the age prophetically spoken of in the book of Revelation. With that said, I believe there is yet cause for hope prior to that dreadful time.

Many people, thanks to alternative media, are waking up to the real high princely rulers on the earth today. Names like Rothschild, Soros, Rockefeller, The Bilderberg Group and The Trilateral Commission have become common names for those that seek out true news and information. Anyone following news sources such as Infowars.com, Breitbart, The Drudge Report and various producers on YouTube can find a wealth of information about what these demonically empowered characters and organizations are up to.

One organization that was pivotal in the creation of the E.U. is The Bilderberg Group. This group, originally headed by Prince Bernhard of the Netherlands, was launched in Osterbeek, Holland in 1954, holding their first meeting at the Bilderberg Hotel. Their primary project was the creation of the E.U. as a model of regional government. Europe is critical to begin this regionalization as both world wars started in Europe, making this a very strategic location in world history.

Therefore, the destruction of the E.U. should be a top tactical prayer priority even for Christians in America. This is part of a global spiritual war that the Bride of Christ has a responsibility to wage until the return of her Messiah, the Lord Jesus Christ. I believe the critical mass of this conflict is in Europe right now.

Actually, about two years ago, I was praying one night when God's Spirit moved on me and gave me a mustard seed of faith. The prayer and vision He laid on my heart was the destruction of the E.U. because of the oppression of the people of Europe which it has caused. I did not know anything about Nigel Farage and other Euroskeptical movements within Europe except for Geert Wilders and his Freedom Party in the Netherlands. However, what a work the Holy Spirit is doing now! 2 Corinthians 10:4-5 states, "For the weapons of our warfare are not carnal, but mighty through God to the pulling down of strongholds."

The British are coming, the British are coming! I sure am glad!

Americans like to think that they have the monopoly on the ideals of freedom and democracy. Nonsense! Freedom is something desired by all humans. As important as July 4, 1776 was to America, perhaps it has now been

overshadowed by June 23, 2016 in terms of worldwide significance. For on that date, a miracle occurred that was far greater than the previous. The British people had everything hurled at them that the modern day globalist thugs could throw. Whether it was the propaganda of the big media such as the BBC, Itv, Sky News, The Times, Daily Mail, etc. as well as the threats by various “experts” and world leaders, including one very inept American president, the Brits defeated them all and voted to leave the E.U.

The author of this article stayed up the entire night of June 23rd watching the results come in and praying. To God be the glory, great things HE hath done! For sure that is not the end of the battle, and there have been some more sleepless nights praying for the United Kingdom with the resultant political drama that included Theresa May becoming Prime Minister and appointing her new cabinet. The British even established a new senior cabinet post called the Secretary of State for Exiting the European Union. She appointed Mr. David Davis to that post. He, like Nigel Farage, has been a staunch Euroskeptic for 25 years and campaigned hard for Brexit. It is important to note that Westminster insiders are calling Prime Minister May’s cabinet the “Brexit Cabinet.”

The larger ramification of what the British have accomplished is that many other nations are now wanting out of the European Union. There are two main groups of members of the European Parliament that are made up of Euroskeptics. One is the Europe for Freedom and Direct Democracy, which Nigel Farage co-founded and the Europe of Nations and Freedom which was formed by Marine Le Pen, (National Front Party, France) and Geert Wilders (Freedom Party, Netherlands) who respectively want to get France and the Netherlands to hold referendums like the British. The majority of citizens in those countries want to do as the British have done . . . get their country back! Here are their websites: <http://www.efddgroup.eu/> and <http://www.enfgroup-ep.eu/>.

Americans need to understand just how undemocratic it is for a nation to be a member of the E.U. A member nation will have 75% of its laws dictated by the E.U. government and control over its judiciary by the European Central Court. It does not end there. They lose control over their borders, hence the recent migration crisis. For those on the Euro, they lose control over their currency. Basically, they are no longer a sovereign nation. The E.U., as has been pointed out, is the pet project of the servants of Satan such as the Bilderbergers. The E.U. is a model of how to enslave the nations of the earth as is the U.N. However, the E.U. is a further step down the path of tyranny of nation states. Hurray, Hurray the British have come, and it is not the first time, they stopped a dictator from dominating Europe! Napoleon, Kaiser Wilhelm II, and Adolf Hitler all made the terrible mistake of underestimating the British Bulldog. It seems the British have a tendency of saving Continental Europe from itself. They have kicked the door open for Europe and pulled the first brick out of the wall toward the toppling of the E. U. Beast!

Adolfa Merkel and the rise of the Fourth Reich

Angela Merkel, the Chancellor of Germany, is without a doubt the most hated woman on the continent of Europe. Hence the name Adolfa, my own feminized version of Adolf Hitler, for that, in effect, is what this evil woman has become. Even though the E.U. has three different presidents, (the President of the European Parliament, the President of the European Council, and the President of the European Commission), Merkel is the real power in the E.U. Many wonder why Germany, with its powerful unions and uber socialist systems, is thriving economically. The answer is simple. Germany, under Frau Merkel, has simply taken over the E.U. for their own interests through the Euro currency and Germany’s trade surplus with the rest of Continental Europe.

Although Donald Tusk, President of the E.U. Council, was behind the opening of the Continent’s borders to refugees, it was Merkel who put the message out that anyone who wanted to come could come. As a result, Europe now has over one million migrants. And, in places like Sweden, they are causing so many problems that the uber liberal swedes are going to kick out 80,000 of the 165,000 migrants now living there. Because of these migrants, there are a skyrocketing number of rapes and sexual assaults in Sweden and Germany. Adolfa Merkel is so evil she ordered the Cologne Police to cover up the mass sexual assault of German women in Cologne that occurred on New Year’s Eve of this past year. Recently, her government arrested 40 Germans for anti-migrant websites and postings on social media! So much for free speech for the people of Deutschland, under Adolfa’s repressive regime. I guess the Gestapo has now become the multicultural police instead of the race police from days of Nazi Germany.

Another prime example of Merkel’s control over the E.U. is when Mrs. Theresa May, now Prime Minister May of Great Britain, said in response to a British statesman referring to her as a bloody difficult woman: “Mrs. Merkel is about to find out just how much of a bloody difficult woman I can be.” Now, Prime Minister May did not issue that

statement to the current presidents of the E.U. Oh no, she issued it to the British Press knowing that Adolfa would hear about it and wanted her to because PM May knows it is Adolfa who holds the real power. Adolfa, her Fourth Reich, and the migration crisis are some of the main catalysts to the British voting to Brexit the E.U. It is certainly plausible that Fuhrer Merkel and Political Commissar Obama were in on the Europe migration crisis together.

However, it was when Marine Le Pen, leader of the National Front Party addressed Merkel and French President, Hollande nine months ago at the E.U. Parliament in Strasbourg, France that demonstrated that all over Europe, many are awakening to the fact that it is Germany that really controls the E.U. for their own selfish purposes. She addressed President Hollande as the Vice Chancellor of the French Province. She could not have been more insulting to Hollande. Oh, if only some American politicians could have just some of Farage's and Le Pen's courage!

America's Sin Against Europe

A very liberal Swedish politician said at a conference several months ago: "You Americans start wars and give us refugees." That was a spot on correct statement. This current U.S. President is, to put it mildly, not well liked in Great Britain or on the Continent of Europe. He went into Libya to overthrow Ghaddafi and armed rebel factions in that country. He has tried to overthrow President Assad in Syria by arming the Syrian rebels. However, that has not been unsuccessful. And let us not forget the Arab Spring that toppled Hosni Mubarak, who was an ally of the U.S., and had a peaceful relationship with Israel. The real sin is that, in these countries, these rebels have morphed into what is now known as ISIS, which is embedded with many of these migrants flooding into Europe, most of whom, are not genuine asylum seekers but Islamic Jihadists. Thanks to the United States, Europe is under an Islamic invasion and sadly it is European Womanhood that has been one of the victims.

The even greater sin is the fact that the U.S. government has meddled in these nations where Christians lived somewhat decent lives but now run for their lives and in many cases have lost their lives. Bush's misadventure into Iraq has had the same consequences. The U.S. goes around the world to impose itself and Christian minority populations suffer. Additionally, Europe gets a tidal wave of sex starved hooligans with ISIS embedded in them. I am writing this article on July 14th, which is Bastille Day, when the French celebrate the French Revolution. However, in Nice, France their celebration was cut short when an ISIS terrorist murdered 84 and injured dozens more. This is the third major terrorist attack in France in less than a year.

America has caused great harm to Europe, and most Europeans blame the U.S. and its affirmative action President, along with Fuhrer Merkel, for the migrant problem. They are correct to do so. Christians in the U.S. need to stop being so myopic and seek God's forgiveness for America electing such a wicked man and for the great evil that has been done around the world under the red, white, and blue. However, there is hope. As stated earlier, Brexit has caused many national politicians in Europe to urge similar referendums in their countries to exit the E.U. Christians in America should be praying earnestly for that because Europe is the real frontline in the fight for freedom in our time. As two world wars started in Europe and spread throughout the world, so too can the European nations break free from the tyranny of the E.U. perhaps leading to one last worldwide revival before this age comes to a close.

In the Name of The Lord Jesus Christ, that is my prayer and should be yours, too. 1 John 5:14-15 states, "And this is the confidence that we have in him, that, if we ask any thing according to his will, he heareth us: And if we know that he hear us, whatsoever we ask, we know that we have the petitions that we desired of him."
