## WHO WILL SAVE AMERICA FROM THE DEMOCRATS?

PARANOID FUNDAMENTALIST FANTASY?

## JEFFERSON'S ELECTION VIEWED AS INAUGURATION OF DEVIL'S PARTY

This is just one of the many newspaper cartoons and broadsides indicting Thomas Jefferson as an anti-Christ agent of the devil after his 1800 election to the presidency. The cartoon alleges that the Lucifer-Jefferson goal was to pull down the Washington-Adams-American-Revolution government. In the cartoon, the devil tells Jefferson that he will provide the power to do this. Jefferson replies that with the help of his "Old Friend," (the devil) "and a little more brandy I will bring it down." The 218-year record of America's oldest political party provides compelling evidence that this idea was more than mere "Bible-thumper" fantasy.

Jefferson was seen during the 19<sup>th</sup> century quite differently than he is today. On the 1926 Mount Rushmore he is glorified as part of the fraternity of great presidents. However, when elected president, Jefferson was regarded, especially in the north, as the "Judas" of the founders, a heavy drinking, anti-Christian, French-Revolution-loving enemy of the evangelical American Revolution. The idea that he was the author of the Declaration of Independence was not glorified until after his party was up and running. Prior to that Americans knew that John Adams commissioned Jefferson as the penman of the document that was to reflect the beliefs of the evangelical founders, products of the most Bible-shaped place on earth. The idea that all men are created equal and eligible for freedom was Adams' idea, obviously not that of Jefferson, the slave-owner.

## JEFFERSON DECLARED HIS ELECTION "A REVOLUTION" . . . AGAINST THE AMERICAN REVOLUTION

As its two-century record clearly shows, America's original political party has always been oddly the anti-America, anti-Christian party pretending to be the "party of the people." Party founder Jefferson announced that his 1800 election win was a "revolution." A Revolution? Against what? The Democrat Party was *revolting* against the beliefs of the American Revolution. It was the origin of America's "Culture War." What began with Jefferson's "revolution" proclamation at the very beginning of the 19<sup>th</sup> century evolved into a declaration of war against America (the Civil War) 61 years later. Americans have forgotten that the Democrat-Confederate rebellion, a.k.a., the Civil War, marked the Democrat Party as America's enemy within, the Party of Treason.

One of the consequences of Jefferson's election was the rise of America's Second Great Awakening. It was the sobering fear that the Prince of Darkness was wrapping his claws around American government that provoked this evangelical revival to save "God's Country." Many historians have pegged this "awakening" as the spiritual force

that led to the war to end slavery. The Confederate loss of its rebellion against the United States left the Democrat Party in the doghouse for more than a half century.

Although the seeds of this evangelical revival were sown soon after the American Revolution, it was the sheer terror of Jefferson and the birth of the “devil’s party” that supplied the energy for the Second Great Awakening.

## **THE DEMOCRATS REINVENTED THEMSELVES AS “CHRIST’S PARTY”**

Of course, it sounds utterly ridiculous today to say that the Democrat Party is Satan’s Party. But that belief, especially in the north, became such a major political obstacle for the Democrats that the “new” Democrat Party of 1830 had to counter it with a symbol of the Democrat Party - *the messianic donkey*. They took this risk, knowing that one of the names Democrat critics were already calling the new President Andrew Jackson Party was the “Jackass Party.”

On the other hand, in the ultra-biblical context of 19<sup>th</sup> century America, the donkey had a deeper meaning that came up every Easter. Every American knew the donkey was the mount Christ rode into Jerusalem on Palm Sunday to be proclaimed “the messiah.” The crafty subliminal idea was that Democrat presidents rode the same mount Christ rode into Jerusalem to shouts of “the messiah is here!” The Democrats were oddly presenting themselves as “Christ’s Party.” Every Democrat president was a *messianic savior*. Later, the idea of which party was “Christ’s Party” became the central issue in the Civil War.

Sixty-four years after Jefferson’s election, the memorial song of the Civil War portrays Lincoln’s force as Christ’s Army and the Democrat Confederacy as Satan’s Army. The lyrics to the 1864 “Battle Hymn of the Republic” were drawn from the book of Revelation. They pictured the Civil War as an apocalyptic showdown between Christ and Satan - the United States being Christ’s army and the Southern Slave Empire was the Devil’s Army. The Northern victory preserved “God’s Country” under the fierce force of Satan’s Army just as Christ saves Israel in Revelation 19 from Satan’s forces.

The Southern Slave Empire reacted to the north’s calling the Confederacy Satan’s Army with a new flag using the historic shorthand symbol for Christ - “X” (e.g., Xmas). The X-symbol on the Confederate “Southern Cross” flag proclaimed the Confederacy as “Christ’s Army.” Both the donkey and the Confederate X-cross flag were mind control tricks to counteract the northern states’ declaration of the Democrat Party as the Devil’s Party. Imagine Confederate soldiers marching through a southern town following a giant X-cross flag singing “Onward Christian Soldiers, marching as to war, with the cross of Jesus going on before!”

## JEFFERSON WAS AN ANTI-CHRISTIAN

Both the Democrat Party and even many Republican evangelicals like Jerry Falwell and David Barton have glorified Jefferson as a genuine Christian. Jefferson's biographers, on the other hand, have pointed out that Jefferson secretly despised Christianity and the Bible. His first love was the atheist French Revolution which he said he was importing to America as his revolution against the American Revolution. One of his most respected biographers points out that, "Jefferson's hatred for the clergy and organized religion (i.e., American Christianity) knew no bounds." Jefferson called "the Trinity" nothing but "abracadabra and hocus pocus." Jefferson said "ridicule" was to be used as a weapon against Christianity.

Because, like today, most Americans were professing Christians, Jefferson had to pretend, for political reasons, that he was a devout Christian. It is why he went to church every Sunday. Jefferson set the secretly anti-Christian spirit of his "Democrat-Republican" Party while acting publicly like a Bible-believing Christian. After he retired, however, Jefferson revealed his true character by editing all the "supernaturalism" (like Jesus' virgin birth and resurrection) out of God's Word in his translation - "The Jefferson Bible." He professed himself a "Unitarian" and predicted that one day, America would be a Unitarian country.

Sadly, Democrat voters are unaware of the basic truths of their party. They are clueless to the fact that America is in a high noon showdown over whether America will live on or be swallowed into a world government. The truth is - America is in the last stage of a century-long-Democrat-leader campaign to drag History's Great Nation into a One-World Government. This began with Jefferson's political "son," the first Democrat president of the 20<sup>th</sup> century. Woodrow Wilson was the only president to see, as a boy, his nation - the Confederate States of America - be defeated.

What Democrat voters should know is that they would lose all they own and become subjects of a tyrannical international Goliath posing as the government “of the people.” They would not become, in the words of presidents Kennedy and Obama, “citizens of the world,” but rather, “peasants of the world.” Jefferson was the first Democrat president of the 19<sup>th</sup> century, Wilson the first Democrat president of the 20<sup>th</sup> century and Barack Hussein Obama the first Democrat president of the 21<sup>st</sup> century. What Jefferson and Wilson were in secret, Obama was without pretense - the most brazenly anti-American, anti-Christian Chief Executive in history.

President Obama advanced the long-overdue Wilson-FDR Eviction Plan that Hillary Clinton was scheduled to implement. The surprising election of Donald Trump threw a monkey wrench into the backstage plans of the secret cabal of the American-European ruling class whose goal is to drag Americans into a *World Nation*. A close ally of closet socialist President Franklin D. Roosevelt made this crystal clear in a statement on the Senate floor February 17, 1950. “We shall have World Government whether or not we like it,” big banker James P. Warburg proclaimed. “The only question is whether World Government be achieved by conquest or consent.”

We study history because it tends to repeat itself and provides lessons for the future. As philosopher George Santayana famously said, “Those who ignore the past are doomed to repeat it.” Americans are the very people the great philosopher warned about. America’s annual birthday celebration this month carries a Sword-of-Damocles question above it: Is History’s Great Nation in the last stage of its 242-year life? This national birthday party will be “celebrated” with America as divided as it was just after Lincoln’s election in which the Democrat Party took America into the bloodiest most devastating war in American history.

In one of the most brilliant feats of Democrat mind control, the Democrat house organ, the mass mediums (MSM) have turned reality and history upside down by reinventing the Republican Party that freed the slaves. They projected onto Republicans the wicked character of the Democrat Confederacy - misleading Americans into believing Republicans are the party of racism, White Supremacy and the Ku Klux Klan. The racist, White Supremacist-KKK Democrats on the other hand have reconfigured themselves as the paternal protectors of “black” Americans. President Kennedy was transformed in death by media “playwrights” as the Democrat Lincoln. The truth is Kennedy and Lincoln are more different than President Trump and Lincoln.

As Freud remarked, “you can’t hide the truth. It will come through the cracks in the door.” We are seeing Freud’s insight as the tidal wave of Democrat rage and insanity parades before America in the media public square. All the violent words and actions, the brazen lying and deceit of Democrats after the election of Donald Trump, is nothing

new. It is merely the resurrection and revelation of the violent, murderous, lying, deceitful character of America's elder political organization. The Democrat homicidal rage against Trump is a *deja-vu* revival of the Democrat homicidal rage against President Lincoln that ended with his murder by Democrat John Wilkes Booth.

A number of pundits have recently pointed out that the dividing symbol of the culture war between Republicans and Democrats this Fourth of July is *Old Glory*. The current Democrat dislike for America's flag, seeing it as the emblem of the Republican Party, is another giant *deja-vu*. This phenomenon resurrects the animosity the Democrat Party had for the Stars and Stripes from the 1860 election of Lincoln to the 1901 assassination of Republican President William McKinley. The "Confederate Rebellion," (the Civil War) was called a "war against the flag." Interestingly, President Trump was born on Flag Day, June 14.

## TRUMP ELECTION IS A *DEJA-VU* OF LINCOLN ELECTION

Abraham Lincoln, Donald Trump - both Presbyterians

The principle of history-repeating-itself is on Technicolor Display in the aftermath of Trump's election. The Democrat character that fueled the Civil War rebellion has been resuscitated in the hurricane of homicidal rage, death threats and character assassination that the Democrat media have flung nonstop at Trump. Although Lincoln and Trump are opposites in almost every way, the Democrat reaction to them is identical.

The Democrats called Lincoln a "gorilla" 158 years ago and today they call Trump a "gorilla." They called Lincoln a "tyrant" and they call Trump a "tyrant" today. They called Lincoln a "moron" and call Trump a "moron" today. Both Lincoln and Trump were called "unqualified" for the presidency and both Republican victories shocked the Democrat Party. Lincoln and Trump characterized the Democrat media as liars and deceivers. Referring to the Democrat Party and its newspapers, Lincoln said, "You can fool some of

the people all of the time, all of the people some of the time. But you can't fool all the people all of the time." Trump condensed Lincoln's observation by describing the Democrat mass media as "fake news" dispensers.

Americans have forgotten that the architect of the modern Democrat Party, Martin Van Buren, was nicknamed "the Little Magician" for his ability to pull election "tricks" out of a hat. The Democrat Party has a long record of political magic tricks and mind control, going back to the election of the first Democrat president. It is here we get an idea of the Democrat conception of "democracy." Jefferson's election victory came largely from the Constitution's allowing slave owners to count their slaves as voters. The slave masters voted for their slaves. Had their slaves been allowed to vote for themselves, the founder of the slave party would probably not have become president.

The identical backlash to the election of both the first and the latest Republican presidents 156 years apart exposes the characteristic violent, murderous heart of America's original political party. Did you know that nearly half the Republican presidents in the first 40 years of the party were shot to death? Did you know that 80 percent of presidents murdered or died in office were Republicans? FYI - This is a giant violation of the scientific laws of probability on which the insurance and gambling industries operate.

President Nixon was character assassinated out of office for a crime that has now been demoted to the level of a speeding ticket by the Democrat "Russian Collusion" hoax. The intent of this brazen fraud was to "Watergate" Trump out of office as soon as he entered the White House. Has America ever seen a more obvious political crime than the Democrat "Russia Collusion" hoax?

## **FIRST SERIOUS THREAT TO DEMOCRAT PARTY DIED A MONTH AFTER BECOMING PRESIDENT**

Let's go back to the first serious threat to the Democrat Party - the first president to die in office. Whig Party President William Henry Harrison mysteriously dropped dead less than a month after taking office in 1841. And in a Harrison-like *deja-vu*, Republican President Ronald Reagan was shot just a couple months after taking his seat in the Oval Office.

Comedienne Kathy Griffin's carrying the "decapitated head" of President Trump on TV for the depraved delight of Democrat voters was the kind of "joke" Islamic Jihadists find hilarious. What kind of mind lives inside a hardline Democrat?

When the Republican Party freed millions of slaves, it became the true Party of the People, of the common man. Lincoln began his election campaign quoting Jesus - "a nation divided cannot stand." Remembering Lincoln's call to arms to a nation of 19<sup>th</sup> century Bible-readers, we wonder if the sharply divided America today can remain when so many Americans loathe the nation, its flag and its Christians? America is at a crossroads when so many Christians vote for an atheistic, violent, insane political organization.

## **THE HOMICIDAL RAGE AGAINST TRUMP AND LINCOLN IS REALLY AGAINST AMERICA AND AMERICANS**

Let's remember that Trump and Lincoln represent the traditional, patriotic Americans that Hillary Clinton slandered as, "the deplorables." Let's acknowledge the plain fact that the rabid rage of Democrats towards Trump is more significantly a veiled expression of their rage against America, the flag, Christians and the American people. And let's not forget that the Democrat Party declared war on America and its flag and nearly wiped out a generation of American men a century-and-a-half ago. Over 600,000 people, 3% of America's citizens, died in our brutal Civil War

Trump's calling the Democrat House Organ, the mass media, "fake news" phonies who had been making fools of Americans ever since Roosevelt's socialist "New Deal," dealt a serious blow to the very instrument the Slave Party used to keep Americans in the 20<sup>th</sup> century form of slavery - *mind control*.

## THE REPUBLICAN PARTY IS THE POLITICAL ARM OF AMERICAN EVANGELICALISM

Something evangelical leaders seem to have forgotten is that the Republican Party began and endured as the political arm of evangelical America. The first three assassinated Republican presidents were the most Bible-knowledgeable presidents in our American history (Lincoln, Garfield, McKinley). The first Republican president, Lincoln, was not just one of the most Bible-literate presidents, but as things worked out Lincoln became the most Christ-like president. Lincoln was executed on Good Friday after winning an apocalyptic battle against "Satan's Army." Lincoln did what Christ promised in his hometown synagogue sermon. Lincoln freed the slaves.

Let's remember that in its 1862 context, the central issue of the Civil War was not slavery but - which side was Christ's Army? It is one of the great providential judgments of God, that while the Confederate army battled under the "Southern Cross" banner, claiming to be Christ's Army, it was the Commander of the U.S. army who became, in death, America's most Christ-like president. By implication, the U.S. Army became certified by the providential events of 1865 as "Christ's Army." This sounds weird, not because it isn't true, but because Democrat mind control experts have hidden it.

### A VERY BRIEF LOOK AT THE DEMOCRAT PARTY RECORD

Nothing reveals the soul of America's elder political party better than its record. Here is just the briefest overview of the party's 218-year history.

1 - 1800 - Jefferson declares revolution against the American Revolution.

2 - 1861 - The Democrat Confederacy declares war against America.

3 - 1919 - The first Democrat president of the 20<sup>th</sup> century takes America into its first world war for the secret purpose of attaching America to a world government that Wilson was crafting - the League of Nations.

4 - Middle of the 20<sup>th</sup> century - The second Democrat president of the 20<sup>th</sup> century repeats Wilson's strategy, taking America into its second world war. Roosevelt succeeds where Wilson failed. He named and helped establish the United Nations, seating its headquarters in New York City.

5 - 1947 - The Roosevelt-packed Supreme Court enacted a Soviet style “separation of church and state” edict in America that effectively muzzled the Christian free speech the Constitution guaranteed. Americans today know this ruling by the words in the Soviet constitution, “separation of church and state.” In actuality, the U.S. constitution merely bans a legally created national church - like the Church of England.

6 - 1993 - Within weeks of taking office, the Clinton administration bizarrely declares war on a Waco, Texas cult compound, horrifically incinerating more than 100 people, including women and children. This insane, illegal military attack on a “Christian” cult displays the hateful, anti-Christian heart of the Democrat Party.

7 - Second decade of 21<sup>st</sup> century - The first half-black president in US history is the most brazenly anti-America, anti-Christian president in history. Purportedly the son of an America-hating African Muslim, Barack Obama secretly enables the Arab Spring in the Mid-East, denies America is a Christian nation, instead bizarrely declaring America is “a Muslim nation.” He orders American troops in the Mid-East to “stand down” in the face of enemy attacks.

## **SOMETHING TO REMEMBER AS THE MID-TERM ELECTIONS APPROACH**

The question on America’s 242<sup>nd</sup> birthday is - how long does America have left? The United States is as split as it was after Lincoln’s election when the Democrat Confederacy declared war on America. How can America survive when a third of the population despises America and its flag? Only about a third of Americans supported the American Revolution. But today, that percentage is strangely inverted - a third of America dislikes America and its flag.

The Democrat Party has a magical mind-control power over the most gullible Americans, who constitute a very large portion of History’s Great Nation. But for those Democrat parents and grandparents, who want the best for their children and grandchildren, it is time for a Great Awakening. What do they think their loveable youngsters will think of them after America collapses and they are living in hell-on-earth?
