The Second American Revolution - Update

Donald Trump's Presidential Announcement - June 16, 2015

By Dr. David Schnittger

It was eight years ago this month when Donald Trump descended the golden escalator in Trump Tower to announce his candidacy for president of the United States. In this article, we are going to examine the pattern of divine deliverance that took place during the 2016 American presidential election. I am then going to give several reasons why I am optimistic that Donald Trump may regain the presidency that was stolen from him (and us) in 2020. I am then going to prescribe action steps YOU can take to participate in the Second American Revolution divine deliverance.

AN UNLIKELY PERSON

Donald Trump's decision to run for president in 2016 was a long time coming. This was something he had been considering for at least 30 years. In the 1980's Trump made a guest appearance on the Phil Donahue show. Following this, he received a letter from former president Richard Nixon, which read:

Dear Donald, I did not see the program, but Mrs. Nixon told me that you were great on the Donahue Show. As you can imagine, she is an expert on politics and she predicts that whenever you decide to run for office you will be a winner! With warm regards, Sincerely, Richard Nixon¹

In 1987, Donald Trump had the privilege of meeting then President Ronald Reagan. It is said that, after the meeting, Reagan said, “For the life of me, and I’ll never know how to explain it, when I met that young man, I felt like I was the one shaking hands with a president.”

A year later, in 1988, Trump appeared on the Oprah Winfrey show. In the interview Trump was asked if he would ever consider running for President. Trump said he “was sick of watching America lose,” and although he had never considered running for high office at the time, he “would never rule it out.”²

At the same time, Donald Trump was a very unlikely candidate for the highest office in America. He was a twice divorced casino owner that had been a staple in the tabloids for decades. He had experienced several bankruptcies and was often the center of controversy in his business and personal life. On top of all that, he had never run for elective office!

THE RESISTANCE OF THE ESTABLISHMENT

It is a miracle of God that Trump was elected President, as he was opposed by every facet of the establishment. The Democrat party opposed him viciously. In fact, the DNC and Hillary Clinton spent millions of dollars obtaining a bogus Russian Dossier filled with salacious lies about Donald Trump. He was also opposed by 16 Republican candidates during the primary season. All of the candidates pledged to eventually support the party nominee, but the following refused to honor their pledge: Jeb Bush, Carly Fiorina, Lindsey Graham, John Kasich and George Pataki.

The Mainstream Media opposed and continue to oppose Trump. *The Washington Examiner* ran a May 2, 2017 article entitled, “Anti-Trump media: 91% coverage negative, 96% of donations to Hillary.”

Even the Pope weighed in against Trump. *A New York Times* article of February 18, 2016 stated:

¹ Roger Stone, *The Making of the President 2016* (Skyhorse Publishing, 2016), 125.

² J. B. Williams & Timothy Harrington, *Trumped: The New American Revolution*. (Charters of Freedom Publishers, 2016),

Inserting himself into the Republican presidential race, Pope Francis on Wednesday suggested that Donald J. Trump is “not Christian” because of the harshness of his campaign promises to deport more immigrants and force Mexico to pay for a wall along the border. “A person who thinks only about building walls, wherever they may be, and not building bridges, is not Christian.”

By the way, Vatican City, the Pope’s residence, is surrounded by a 30-foot wall, built about 1,200 years ago to keep Muslims out.

IS GOD’S AGENT TO AFFECT DELIVERANCE

The election of Donald Trump interrupted the globalists’ 16-year plan to destroy America. Barak Obama set that destruction in motion and Hillary Clinton was intended to complete that process. Allan Erickson wrote an op-ed piece entitled, “Obama’s Destructive Legacy” (January 17, 2017 *WesternJournalism.com*):

The American people were both generous and patient with all those in the Obama administration for eight long years. Average Americans from all walks of life, even those opposed, tried to cooperate, tried to accommodate, tried to understand and remain supportive.

However, some were vigorously opposed from the beginning, detecting a devious and destructive spirit. It turns out they were right.

At every turn President Obama and his minions insulted us, lied to us, manipulated us and undermined us, working against our best interests.

They took radical environmentalism to toxic heights, turning loose a punishing bureaucracy, churning out ridiculous regulations lethal to a once great economy.

They ran up insurmountable debt, purposefully pouring sand in the gas tank. They squandered our resources, gorging themselves, insatiably pursuing their appetites and utopian fantasies, laughing at us as they picked our pockets. . .

The verdict of history is sometimes slow in coming, but in this case, it has already been written – Obama and his henchmen are guilty of crimes against the American people and against all humanity, liars and lawbreakers, enemies within.

Thank God the long winter is over, and spring is coming. Thank God the republic lives, despite Obama and his allies.

WHEN A NEEDY PEOPLE CRY OUT TO GOD IN DESPERATION

During his presidential campaign Trump actively sought dialogue and support from evangelical leaders. In an article entitled, “Donald Trump Receives Standing Ovation at Evangelical Meeting,” Elizabeth Dias states:

Republican presidential nominee Donald Trump met with nearly 1,000 evangelical Christians Tuesday morning in (an) attempt to win over the GOP’s most reliable voting bloc at a pivotal moment in his campaign.

Taking the stage to a standing ovation, the presumptive Republican nominee participated in a carefully orchestrated question-and-answer session in a hotel ballroom. The event was billed as a conversation where pre-selected conservative Christian leaders would ask Trump questions culled from a survey of all participants, on such topics as religious liberty, the military, abortion and attacks against religious minorities in the Middle East (June 21, 2016 Time.com).

THE PATTERN OF DIVINE DELIVERANCE

What factors do we see in the election of Donald Trump as the 45th President of the United States, and does this fit the pattern that we have observed in previous divine deliverances? I believe it does:

A needy people cry out to God in desperation. God has respect to their cry and raises up an unlikely person, who, against the resistance of the establishment, is God's agent to affect deliverance.

REASONS FOR OPTIMISM

While the 2024 election will not be until November 5, 2024, I want to share some reasons why I am optimistic that the Second American Revolution deliverance is still underway.

Hughes Auditorium at Asbury University

First, I believe that America is in the midst of another **Great Awakening**. The Asbury revival is one example of that spiritual awakening. The 2023 Asbury revival was a Christian revival at Asbury University in Wilmore, Kentucky. The revival was sparked by students spontaneously staying in Hughes Auditorium following a regularly scheduled chapel service on February 8, 2023.

News of the revival largely spread on social media, as the participants were mainly members of Generation Z. As news of the revival spread, people from around the country descended on the campus. It was attended by approximately 15,000 people each day. By its end, the revival brought approximately 70,000 visitors to Wilmore, representing more than 200 academic institutions and multiple countries.

A second reason why I am optimistic that Donald Trump will regain the presidency is the May 10 **CNN Town Hall** with President Trump. Without a doubt, the over three million viewers gave CNN its most significant ratings in quite some time. Moderator Kaitlin Collins attempted several “gotcha” questions and persistently interrupted the president. Notwithstanding, the president so dominated the event with his factuality and charm that the 90-minute event was cut short by 20 minutes.

So overwhelming was Trump’s victory that the moderator scampered off the stage in retreat, while Trump waved to his adoring audience. Trump turned what was intended as his tribunal into a Trump rally. The victory was so complete that even liberal pundit Joe Klein admitted, “We have not laid a glove on him.”

A third reason I am optimistic that Trump will reclaim the presidency that is rightfully his is the May 15 release of the **Durham Report**. John Durham was tasked with investigating the FBI’s conduct in the Crossfire Hurricane probe from July 31, 2016 to May 17, 2017 into alleged links between Trump associates and Russian officials. Some of Durham’s findings include:

The FBI used “uncorroborated intelligence” when it launched its investigation into Trump before the 2016 presidential election and that agents failed repeatedly to maintain “strict fidelity to the law” throughout the probe.

The report noted that the FBI received intelligence that Hillary Clinton’s campaign approved a proposal from one of her foreign policy advisors to vilify Donald Trump by stirring up a scandal claiming interference by Russian security services.

The Durham Report notes that President Barack Obama, VP Joe Biden, Attorney General Loretta Lynch, and FBI Director James Comey were personally briefed on Clinton’s scheme.

Durham states that the investigation showed “senior FBI personnel displayed a serious lack of analytical rigor towards the information that they received, especially information received from politically-affiliated persons and entities.” This information, in part, triggered and sustained Crossfire Hurricane and contributed to the subsequent need for Special Counsel Mueller’s three-year investigation.

WHICH ONE'S the REAL COUP ATTEMPT?

← Truth Details

WOW! After extensive research, Special Counsel John Durham concludes the FBI never should have launched the Trump-Russia Probe! In other words, the American Public was scammed, just as it is being scammed right now by those who don't want to see GREATNESS for AMERICA! foxnews.com/politics/durham-do...

A fourth reason I am optimistic about Trump's chances to regain the presidency is his poll numbers. As the lawfare against Trump intensifies, his poll numbers continue to increase. Consider the following poll by Morning Consult:

Morning Consult: "Trump Leads DeSantis by 43 Points Among GOP Primary Voters"

President Trump's lead keeps growing in Morning Consult's weekly national tracking poll. The latest Morning Consult poll shows President Trump ahead of Ron DeSantis by 43 percentage points.

Morning Consult: "Over 3 in 5 potential Republican primary voters (61%) back Trump's bid for the GOP nomination, giving him his largest level of support yet over his current and potential rivals since Morning Consult began tracking the race in December. Florida Gov. Ron DeSantis, who hit the campaign trail in Iowa over the weekend but has yet to officially launch a bid, is supported by 18% of the party's prospective electorate."

Morning Consult (May 12- May 14):

- Trump 61 percent
- DeSantis 18 percent
- Pence 6 percent
- Haley 4 percent
- Ramaswamy 4 percent
- Cheney 2 percent
- Abbott 1 percent
- Scott 1 percent
- Hutchinson 1 percent

These numbers indicate that the Republican primary is effectively over. The "Keebler elves" might as well quit - they are not going anywhere!

Monica Crowley eloquently details why Trump is so dominant in the polls: “As president, Trump delivered an economic boom through pro-growth policies like tax cuts, regulatory relief, energy independence, and fairer trade deals with China, Japan, Mexico, and Souther Korea. The result was robust economic growth, 7 million new jobs, a dramatic increase in middle class family income, a return of 500,000 manufacturing jobs, and unemployment rates at or near-historic lows for every demographic group.

“He secured the southern border and largely solved the illegal immigration problem; appointed three Supreme Court justices and an historic number of judges to the federal bench; expanded school choice; combatted the opioid epidemic; and enforced law and order.

“He restored American leadership abroad by confronting China, achieving unprecedented peace deals in the Middle East, smashing terrorist organizations, getting NATO allies to pay their fair share, withdrawing from the disastrous Iran nuclear deal. He also supported Israel, exited the sovereignty-destroying World Health Organization, and rebuilt our military.

“Incredibly, Trump accomplished all of it while fending off a fusillade of phony investigations and relentless attacks by a fierce Democratic opposition, shadowy unaccountable actors, subversives in his own administration and party, and an eternally hostile press.”³

A fifth reason why I am optimistic about Donald Trump’s prospects for regaining the presidency is because he has a very detailed plan to **destroy the Deep State**.

TRUMP’S 10-POINT PLAN

- I will immediately re-issue my 2020 executive order restoring the president's authority to remove rogue bureaucrats.
- We will clean out all of the corrupt actors in our national security and intelligence apparatus, and there are plenty of them.
- We will totally reform FISA courts which are so corrupt that the judges seemingly do not care when they are lied to in warrant applications.
- We will establish a truth and reconciliation commission to declassify and publish all documents on deep state spying, censorship and corruption.
- We will launch a major crackdown on government leakers who collude with the fake news to deliberately weave false narratives and to subvert our government and our democracy.
- We will make every Inspector General's Office independent and physically separated from the departments they oversee so they do not become the protectors of the deep state.
- I will ask Congress to establish an independent auditing system to continually monitor our intelligence agencies to ensure they are not spying on our citizens or running disinformation campaigns against the American people.
- We will continue the effort launched by the Trump administration to move parts of the sprawling federal bureaucracy to new locations outside the Washington swamp.
- I will work to ban federal bureaucrats from taking jobs at the companies they deal with and that they regulate.

³ Monica Crowley, “Trump Is Still the One. The Only One. Now More Than Ever.” Opinion. May 24, 2023.

- Finally, I will push a Constitutional amendment to impose term limits on members of Congress. This is how I will shatter the deep state and restore government that is controlled by the people and for the people.

AN ACTION PLAN

Let me suggest an action plan between now and November 2024. First, **PRAY!** Pray for revival in America. Pray for our true president, his family and staff, for their protection against the worst group of traitors in American history - the Democrats! Let me suggest a website to keep you informed of America's prayer needs: Intercessors for America (<https://www.ifapray.org>)

Second, **GIVE** to President Trump's campaign. I am giving a monthly donation until the election. I believe that if Trump does not regain the White House in 2024, America will be irretrievably lost to Communism. Go to this website to give: (<https://www.donaldjtrump.com>)

Third, **CAMPAIGN** for the president. Become involved in your local Republican party. Help with calling, putting up yard signs, get out the vote efforts. I am the Republican party chairman for my precinct. With a phone call to your local Republican headquarters, they will find a place for **you** to serve!

The key to victory in the Second American Revolution is to NEVER STOP! It took eight years of brutal losses to the greatest military in the world, before American patriots won the war at Yorktown. Only 3% of Americans actively fought in the war, under the determined leadership of General George Washington. It does not take a majority to win a war, only a determined minority. The reason we won the First American Revolution is because we NEVER STOPPED FIGHTING!

Similarly, it was eight years ago this month that Donald Trump descended the golden escalator at Trump Tower to declare for the presidency. In my opinion, that is when the kinetic phase of the Second American American Revolution began. After eight years of continuous attack, false accusations, two impeachments and a stolen election, even Trump's most ardent liberal critic, Joe Klein, recently admitted, "We have not laid a glove on him."

I believe the hand of Providence is on Donald Trump. He is an unlikely deliverer, but, WEREN'T THEY ALL? Moses, Jonah, Cyrus the Great, Washington, Churchill - they were all flawed and unlikely deliverers! Get over the "mean tweets" friends! We are in the fight of our lives, and we need a fighter in the White House. As Trump has often said, "They are not coming after me, they are coming after you. I am just standing in their way."

The key to victory in the Second American Revolution is this: NEVER STOP FIGHTING FOR AMERICAN LIBERTY!
